

Koch Kalkolin organic mold Ex

Mold remover without poison

Technical Data Sheet

Article no. 0411 - 0414, date 16.07.2016, page 1, DE

application

breathable	preventive against new growth of mold and bacteria
Chlorine 0%	disinfectant
eliminates bacteria, fungi, spores, algae	effective immediately
for sensitive living area	immediately accessible, habitable
easily biodegradable	Suitable for professional use
not flammable, strongly alkaline	

Suitable for:

For the inside and outside. With the active ingredients ethanol and lime. For residential and commercial premises listed buildings, hospitals, nursing homes, kindergartens, schools, sanitary facilities, basements, kitchen, attic, wine cellar, etc. suitable.

Through the active ingredients alcohol and lime particles, the mold can be removed completely without fungicides and chlorine. The alcohol has a disinfecting effect and removes the mold and kills it. The alkaline lime penetrates deep into the building material and destroys remaining mold spores, water evaporates the alkaline lime particles remain in the building material. The property of lime with its alkalinity produces a long-lasting effect against mold.

miscellaneous

For processing	finished	To process	spraying, brushing, brushing
Create trial areas:	compellingly	drying time	8 hours
Processing temperature:	+ 10 ° C	consumption	100 - 300 ml m ²
Storage:	Frost free	transport Plate	deleted
Marking according to GefStoffV	does not require labeling	Waste code no.	EAK: 16 00 00, 16 09 00, 16 09 03
disposal	Wallpaper about household waste	Working tools cleaning	water
Oil-containing substrates	not suitable	Safety Data Sheet:	note
before use	stir vigorously, shake	use	not intended for consumption
Dilute	Water 0%	durable	12 months, cool, frost-free, closed
paints	1 - 2 x	PH value	approximately 12
density	about 1.10 g / ml	Plastic dispersion	0%

Suitable for:

On all mineral and absorbent substrates such as: plaster, joints, terraces, tiles, bricks, stone, mortar, marble, floors, concrete, wood, ceramic tiles

To dye	interior	outdoors	hue
Organic mold Ex	X	X	Transparent

Composition (full declaration)

Mixture of ethanol, lime, water, addition of various biological, mineral auxiliaries (without plastic dispersion)

identification

lovely	Xi	Irritates the skin	R38
Danger eye damage	S2	Do not give to children.	S 24/25
Touch eyes, avoid skin	S 26	In case of contact with eyes, rinse immediately with plenty of water and visit a doctor.	S 36/37/39
